EVERLITE

With **EVERLITE** you can be even more efficient in everything you do.

Description

EVERLITE, is an occupational shoe made entirely of polymeric materials and with the following components:

- · Antistatic insert:
- · Removable insole;
- · Ventilation holes both on clog and insole.

Users

EVERLITE, is ideal for uses where prolonged standing or walking may tend to induce foot discomfort or lower body fatigue, especially to be used in:

Hospitals and Other Healthcare Institutions

Pharmaceutical Industry

Cleaning Companies

Geriatrics and
Physiotheranists

Specifications

Super Light

Feelite™ technology produces remarkably light, resistant and comfortable footwear.

Removable Insole

It's detachable to allow a deeper cleaning.

Shock Absorption

The special design helps to reduce the occurrence of micro-lesions in tendons, bones and joints, and the feeling of tired legs.

Antistatic

Promotes the dissipation of accumulated static electricity.

Upper Liquid Protection

Avoids the entrance of liquids inside the shoe.

Closed Heel

Additional support for the moments that require extra agility.

Breathable* Regulates the

Regulates the temperature and humidity of the foot.

Washable

The footwear can be machine washed up to 50 °C.

Antislip

The sole is designed to reduce the risk of slipping.

Extra Protection**

Absence of ventilation holes avoiding the entrance of speck to the interior of the footwear.

Unisex

Style designed to be worn by men and women.

Materials and Technologies

EVERLITE is made with $Feelite^{\tau M}$ technology. Its material is super lightweight and is non-toxic.

Technical Standard

CE

Regulation 2016/425.

SATRA TM 144:2011 Slip Resistance. **SATRA TM 158:1992** Washability — 50 °C.

Technical Specifications

- Heat resistance machine washing up to a maximum of 50 °C;
- · Slip-resistant;
- · Resistant to abrasion:

Care and Cleaning

Wash: Machine washable up to a maximum temperature of 50 °C. Can also be cold sterilization with chlorine, sodium hypochlorite or hydrogen peroxide. The removable insole must be washed inside the clog.

Dry: Wipe with a cloth or dry at room temperature.

Attention

EVERLITE resists several washings at 50 °C in washing machine. It is not recommended the use of bleaching agents during washing machine cycles at 50 °C.

To keep your shoes new and beautiful for much longer, it is essential to follow some recommendations: Avoid getting your shoes wet, but in case this occurs, never place them in the sun. Let them dry in the shade and also away from any other source of heat, because heat damages the materials, the colour and the texture. A soft cloth is the main ally of this type of shoe and its cleaning should be done weekly or whenever necessary.

^{*} Only apllies to EVERLITE OPEN

^{**} Only applies to EVERLITE CLOSED.

DECLARATION OF CONFORMITY

MANUFACTURER:

PROCALÇADO – Produtora de Componentes para Calçado, S.A. Largo das Alminhas, das Barrancas, 97 4415-343 Pedroso, Portugal
